The MITTAL LEGACY

Tattva Mittal carries with itself a legacy that has shaped much of the real estate landscape in Mumbai. The Mittals have been renowned for creating high quality real estate landmarks for over 6 decades. Having developed more than 4000 buildings and over 50 million square feet, the Mittals along with building benchmarks, have built trust that is unparalleled.

In Mumbai specifically, parts of Nariman Point are better known simply by the towers that define the business district - like Mittal Court, Mittal Towers, Mittal Chambers and Bajaj Bhavan. Phoenix Towers in Lower Parel, Dariya Mahal in Napean Sea Road, Mittal Grandeur in Colaba, are familiar residential landmarks in their own right.

TRUSTED EXPERIENCE

The Tattva Mittal Group is born out of a vision to make a difference in the redevelopment market of Mumbai. As Mumbai advances into the future, the Tattva Mittal Group stands at the forefront of redeveloping its residential spaces into smart and sensible homes.

For over six decades, the Mittals have been renowned for high quality real estate landmarks that have dominated and defined the skyline of Mumbai. From Nariman Point in South Mumbai, to Thane in the northern suburbs, the Mittal legacy stands tall and this legacy continues with the Tattva Mittal Group under the leadership of Mr. Kishore Mittal.

With a belief that 'sensible homes' combine thoughtful locations, efficient design, user-centric facilities, optimisation of technologies and real pricing, Tattva Mittal brings to the fore innovation, professionalism, integrity and transparency with a deep sense of community.
